BEN TILLMAN TALKS NEGRO UNDER GUARD

But No One Desired to Disturb the Senator.

SENATOR CONDEMNS ROOSEVELT

Tillman Says President Acted Illegally and Punished Innocent with the Guilty— Expressed His Usual Views on Question.

Chicago, Nov. 29.—The efforts of the negroes of Chicago to prevent United States Senator Benjamin R. Tillman from delivering an address here Tuesday in Orchestra hall because of the position he has assumed toward the negro race was unsuccessful.

When the South Carolina senator arrived early in the afternoon he was told of threats of injunction proceedings to prevent him appearing on the speaker's platform and of a money consideration that had been offered if he would cancel his engagement, but Mr. Tillman declared it made no difference to him what the colored people of Chicago did, he was going to fill his engagement, and he kept his word.

From the time he arrived in Chicago Senator Tillman was guarded by police and private detectives and will be until he leaves for Fond du Lac, Wis. This is in accordance with an order issued by Mayor Edward F. Dunne, who was scheduled to preside at the meeting but who refused to have anything to do with the affair after a committee of negroes had visted him a few days ago and offered strenuous objections to Senator Tillman's appearance on the speaker's platform.

Senator Tillman gave his address protected by forty detectives under command of Assistant Chief of Police Schuettler. In anticipation of trouble, a number of policemen were kept in nearby stations in reserve, but they were not called for. Six negro policemne mingled with the crowd of white people and negroes which blocked the street in front of the hall.

In the audience were many negroes, but they listened to Senator Tillman's remarks good naturedly and although he was interrupted many times by those who wished to ask questions, the meeting passed off without any trouble developing.

In leading up to his address "Shall the United States Annex Cuba?" Mr. Tillman criticised Mayor Dunne's action in refusing to preside at the meeting.

"I have been told that I have been snubbed by the mayor of this city," said the senator.

"I never saw Mayor Dunne in my life. I did not ask him to be here tonight to introduce me to this audience, nor did I ask any one else to do so. If any one has been snubbed, it is these gracious ladies who planned this meeting to secure money for the Chicago Union hospital, who requested Mayor Dunne, the creature of a political hour, to come forward and add his mite."

"I have been advertised to discuss the annexation of Cuba," announced Mr. Tillman, "but in view of the fact that I could not discuss that subject without discussing the race question, I am going to go at the matter hammer and tongs, straightforward, like a man. Therefore, I shall discuss the race problem pure and simple from an American standpoint. Owing to my experience with the question and the diligent study I have made of it, I believe I am better qualified than any other man in America to discuss this question. I am going to base my appeal on facts—not on theories."

While discussing the fifteenth amendment of the constitution, which he declared gave the negro every right that a white man had, he was interrupted several times by one of his listeners, who kept asking:

"How about Kentucky?

Finally Mr. Tillman seemed to lose his temper, and exclaimed:

"Oh, shut your mouth! You don't know the A, B, C of this thing. I forgot forty years ago more than you ever knew."

"You make up your minds that equality before the law, which the fifteenth amendment guarantees, is right and should be enforced notwithstanding its result. If this law was enforced it would result in two states at least, being dominated absolutely by negroes, while four other states would be so near being governed by the negro that there would be practically an equal division of offices."

(A voice: How about the law?)

"The law? To hell with such laws!"

After telling in detail how the negro is prevented from casting his ballot in the south, Senator Tillman said:

"There is a great deal more to this question than the little racket here in Chicago."

A voice: "How about the negro judge?"

Senator Tillman: "Well, I will tell you about your negro judge and about your political machines putting him on your ticket and bamboozling those poor, ignorant baboons into electing him, and then afterwards you fellows who voted the ticket without knowing what was on it, find a way to cheat him out of it.

"No matter what the people in the north may say or do, the white race in the south will never be dominated by the negro, and I want to tell you now that if some state should ever make an effort to 'Save South Carolina' we would show them in their fanaticism that we will make it red before we make it black.

"God Almighty made the Caucasian of better clay than the Mongolian or the African, or any other race. The Ethiopian is the burden bearer. He has done absolutely nothing for history, nor has he ever achieved anything of great importance. There are no great men among the race.

"Yet this people has been picked out by the fanatic of the north and lifted up to the equality of citizenship and to the rights of suffrage. No doubt many of you have listened to the oratory of the greatest colored man of this country—Booker T. Washington. He had a white father, however, and his brains and his charater he has inherited from that father."

Senator Tillman then told his audience of the attacks on white women by negroes in the south, and declared that the people of the north were, in a great measure, responsible for his state of affairs.

In conclusion, Senator Tillman said:

"Now, as a general illustration of the injustice that is sometimes done. President Roosevelt discharged without courtmartial, and in doing this he punished innocent men for the crime of a few. In doing this he transcended the authority of the law, and he ought not to have done it."

During Mr. Tillman's speech a negro and a Russian were arrested for creating a disturbance in the gallery.

WITH BANNERS OF VICTORY
ALACHUA CARRIED THE DAY

Largest Number of Prizes of Any County at State Fair.

THREE INDIVIDUAL AWARDS

And Section Prize, With Honors Divided for Grand Championship With Polk—Glorious Success of Commissioner Callison and His Staff.

Covered with glory and success, as a reward for their untiring energy and faithfulness, Fair Commissioner N. A. Callison and his faithful corps of assistants at the State Fair, will return to their homes victorious over the fact that old Alachua carried everything by storm when the decision of the judges was published Wednesday. Every citizen of Alachua county will naturally be proud of the fact that this county was awarded more prizes than any county in the State—three individual prizes, the sectional prize for middle Florida, and divided even honors with Polk for the grand championship prize of $750, the judges being unable to determine which of the counties was superior in the general exhibit.

Of the five prizes awarded, three were for individual displays. The agricultural display was the best on the ground, and for this a diploma and cash premium of $200 was awarded. In live stock Alachua had the entire State badly beaten, receiving a diploma and $200. The same decision was awarded in cotton, the prize being a diploma and $200. In all, the premiums, including the sectional and grand championship prizes, will aggregate, per the official premium list, $1,475. Had it not been for the tie with Polk on the grand championship this amount would have been increased $375.

The people of Polk county should feel under obligations to the untiring work of P. A. Ruhl, their commissioner, who carried the work through to perfection. Mr. Ruhl formerly resided in Gainesville, and for several years was connected with the mechanical and city department of The Sun. His friends here will congratulate him upon his success.

If ever a Fair commissioner worked hard for the success of his county, it was Commissioner Callison of Alachua, and the county commissioners could not have made a wiser selection. His name will go on record in connection with this project, and to him and his systematic efforts our people will forever feel indebted. Everyone who visited the big Fair and saw the Alachua county exhibit pronounced it to be one of the best ever installed at a State Fair in the South.

The awards announced by the judges were as follows:

Largest and best county displays:
Citrus fruits, Lee.
Agricultural, Alachua.
Vegetables, Lee.
Pineapples, DeSoto.
Tobacco, Gadsden.
Live stock, Alachua.

In the sectional prizes for the banner county of its section of the State awards were made as follows:

For the grand championship county prize, Alachua and Polk tied, and the judges decided to divide the grand prize between them.

UNION SERVICES AT THE TABERNACLE

One of Most Impressive Services Ever Held in Gainesville.

DR. ANDREW SLEDD PREACHED

His Subject Was Appropriate to the Ocassion, and Listened to With Deep Interest—Singing Was Excellent. School Children Attended.

The union Thanksgiving service held at the Tabernacle Thursday was by far the most impressive service of the kind ever held in Gainesville. The two center sections were completely filled from the stage to the door by the pupils and teachers of the Graded and High School.

The sermon was preached by Dr. Sledd, and he was at his best. No more impressive, no more beautiful sermon was ever heard in Gainesville.

The pupils of thepublic school attended in a body. At precisely ten minutes to nine they began filing into the Tabernacle with military step and order. In less than five minutes the entire four hundred and sixty were in their places with not a break or a particle of confusion. The order and precision of their movements showed careful training. If Mr. McBeath and his teachers are not proud of those children and their excellent, their admirable behavior, they ought to be. The city of Gainesville ought to be proud of the showing the school made on this ocassion—and how they sang, led by a part of the choir of the Methodist church. Some idea of their number may be obtained from the fact that the double line extended from the school building to the Tabernacle.

As we said, the services throughout were impressive, the singing beautiful and the sermon grand. We regret that there were not more of our people out, though the building was com fortably filled.

FOOTBALL CASUALTY.

Ralph Thomas Sustained Broken Arm From Thursday's Game.

As a result of Thursday's football game, Ralph Thomas, son of Dr. and Mrs. T. F. Thomas, sustained a broken arm.

The young man was taken to his home and Dr. J. H. Colson summoned, when the wounded member was properly set, and the young man is resting now as easily as could be expected under the circumstances.

Young Thomas was playing right half back on the University team. This accident was the only misfortune to mar the pleasure of the game, and friends of the young man sympathize with him.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

Tell us how much Lard your grocer sells and we will tell you how much indigestion is in the neighborhood.

Lard is made from hog-fat and is bound to be greasy and indigestible—sometimes absolutely unhealthy. There isn't an ounce of hog-fat in *Cottolene*. Its basis is just pure, refined Cotton seed oil, which is thoroughly digestible and healthful.

The stomach of the average American has been subjected to lard-soaked food for years simply because people have not known the dangers of the "lard habit." *Cottolene* is so much superior to lard, both as to the palatability of the food it produces and its healthful qualities, that it will surely supplant lard for shortening and frying purposes wherever its virtues are known. Give your poor stomach a chance—divorce yourself from lard, and use *Cottolene*.

Cottolene is made by a cleanly, hygienic, sanitary process, which insures its purity. It is, moreover, healthful, because its chief ingredient is a healthful product. It will aid rather than retard digestion. The housewife who pays any attention to hygienic cooking will use *Cottolene* in place of lard every time.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

BOBBITT'S MILL AT MICANOPY BURNED

Immense Building, With All Contents, is Now in Ashes.

THE LOSS WAS HEAVY

The Plant Was a Combination Saw Mill, Grist Mill and Basket and Crate Factory—Gainesville and Gulf Depot Had Narrow Escape.

One of the most disastrous fires which has visited Micanopy since the big Benjamin conflagration, started at 11 o'clock Thursday morning, with the result that the immense Bobbit mill, one of the largest in the county, now lies in ashes, the mill, with all contents and a quantity of lumber, having been destroyed. The loss, it is estimated, will reach about $12.000. It is not learned whether there was any insurance.

The Bobbit mill was an immense enterprise. It was a combination saw and grist mill and crate factory, and employed a large number of hands, being quite an important factor in the commercial interests of the town.

The information, which was received here by telephone at noon Thursday, states that the station of the Gainesville and Gulf railroad, which is in close proximity to the mill, caught fire, and it was only through the most heroic efforts of the citizens, in the lack of adequate facilities, to save the building.

Friends of Mr. Bobbit deeply sympathize with him in this loss, which is extremely serious at this time, as it is in the midst of the crate and basket season.

It was stated yesterday that the basis of settlement which will be reached between engineers of the New York Central and the officials of the road regarding wages of engineers who will run the electric motors will be accepted as a precedent by the engineers of the others of the other roads which are electrifying some of their divisions.

SERIOUS LOSS TO ARCH. L. JACKSON

His Sugar Cane, Bean and Corn Crops Were Burned.

LOSS IS A VERY HEAVY ONE

Mr. Jackson Was Not Home at Time Fire Was Discovered, But Plucky Little Wife Summoned Help From the Neighbors, Who Fought Bravely.

Thursday was not a very happy Thanksgiving for Arch. L. Jackson, who resides a short distance southeast of the city, where he conducts a profitable farm, because of the fact that fire has devastated a portion of his farm and burned his products and fences, resulting in a loss of months of energy and toil and nearly a thousand dollars in cash.

At a late hour Wednesday afternoon fire was discovered in Mr. Jackson's field, in close proximity to his home. Mr. Jackson was not at home, but his good wife, with wonderful courage, mounted a horse and spread the alarm, but in the meantime, on account of the dry weather and the fact that the crops were dry, the fire spread rapidly, and when assistance reached the scene the flames had gained such headway that it was impossible to check them, and it was only with the most heroic efforts that the home was saved.

Those who visited the scene state that Mr. Jackson lost about an acre and a half of sugar cane, and about twenty-five acres of beans and corn, which was dry in the field and ready for harvesting.

The farm is located near the railroad, and it was said that the fire originated from the sparks of a passing locomotive.

Friends of Mr. Jackson deeply sympathize with him in this loss.

CURE CATARRH NOW.

Do Not Wait Until Winter or Disease Will Become Chronic.

Many people in Gainesville are beginning to cough and hack with the fall symptoms of disagreeable and offensive catarrh. The tongue is coated in the morning, and they do not sleep well at night on account of the disagreeable tickling and dropping at the back of the throat as a result of catarrh. Before the disease becomes chronic they should use Hyomei and get complete freedom from their catarrhal troubles.

If you neglect to treat catarrh when it first comes on, the chances are that it will become so firmly rooted and deep-seated that it will bother you all winter and may become chronic and almost incurable.

The first day's use of Hyomei will show a decided improvement in health, and in a short time there will be no further trouble, and you will be free from catarrh, and coughs and colds will not bother you during the winter.

Remember that Hyomei is sold under an absolute guarantee that it costs nothing unless it cures. J. W. McCollum & Co. have sold a great many Hyomei outfits, everyone with their personal guarantee that it costs nothing unless it cures, and they have seen so many remarkable evidences of the curative powers of Hyomei that they are very glad to continue giving the guarantee with every package.

A complete Hyomei outfit costs but $1; extra bottles, if needed, 50 cents.

He served all but the six months of his sentence. Ammon declared that he was an innocent man and that he was going to work to prove it, if it took him 20 years.

Mrs. Carrie D. Mallard Asks For $50,000 For Husband's Death.

WAS RAILROAD ENGINEER

And Met His Death While Discharging His Duties in That Capacity On a Train of Defendant Company—Eminent Lawyers Employed.

The entire day of the circuit court Thursday was spent in hearing testimony in the case of Carrie D. Mallard vs. the Atlantic Coast Line Railroad Company, trespass on the case, damage $50,000.

This suit, which is one of the most important civil actions brought in this court for several years, is to recover damages upon the death of Wm. H. Mallard, husband of the plaintiff, who was killed upon a train of the defendant company while in the discharge of his duties as engineer.

Attorneys W. W. Hampton of this city and A. H. King of Jacksonville are representing the plaintiff, while Attorneys R. A. Burford of Ocala, Syd L. Carter and C. R. Layton of Gainesville, appear for the defense.

The case, which occupied the entire day Thursday, will be taken up again this morning.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Four Men Burned to Death.

St. Louis, Nov. 29.—Four men were burned to death and probably 35 were injured in a fire early on Wednesday that practically destroyed the Lighthouse hotel, conducted by the Salvation Army, at the northwest corner of Ninth and Market streets. More than 200 men were asleep in the building when the fire was discovered, the greater number being on the second and third floors. All became panic-stricken and before the firemen arrived and could stretch nets, many had jumped from the upper windows and were picked up crushed and unconscious on the street pavement below. The four dead have not been identified as their bodies were burned to a crisp.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

Threatened with Destruction.

Oyster Bay, N. Y., Nov. 29—President Roosevelt's summer home on Sagamore Hill was seriously threatened with destruction Tuesday night by a forest fire which swept over Copper Bluff. A fortunate change in the wind, however, turned the flames in another direction and they were finally subdued by the combined efforts of a large force of men gathered from the several big estates which surrounded the president's home. Copper Bluff is on the estate of W. Emlin Roosevelt, a cousin of the president.

Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

PEONAGE CASES TAKEN UP.

Higgins, Hilton and Atwell Not To Be Prosecuted.

Pensacola, Fla., Nov. 29.—After a lapse of two days, during which time other cases were heard, the U. S. Court Tuesday resumed the consideration of peonage cases, and the general conspiracy indictment against W. S. Haarlana, G. W. Lamata Robert Gallagher, Oscar Sandor, E. Newlander, Archie Belylinger, Harry Halverson, W. E. Grace, C. C. Hilton, S. E. Huggins and John Atwell, for alleged conspiracy to commit peonage, was called.

The district attorney announced that the government would not proceed against Hilton, Huggins and Atwell, and an order of severance was entered.

Manager Harlan, of the Jackson Lumber company, had already been convicted upon this charge, and counsel entered a plea of abatement, but the prosecution demurred on the ground that it was an entirely different case, and the demurrer was sustained. The jury was then selected and testimony began Wednesday.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vasoline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

IT OUTSHINES ITSELF.

The Sun is indebted to its contemporaries for many complimentary notices, but never has such a notice appeared in the State press that was more appreciated than the following from The Tampa Tribune. The editors of The Tribune and Sun have been intimate personal friends from boyhood and it makes the latter's heart glad to have his friend speak as he does of the work in the following lines:

"Our contemporary, The Gainesville Sun, is ever a welcome visitor to the sanctum and brightens things up in fine shape; but last week's Industrial Edition quite takes the shine out of all its previous efforts because of its phenomenal brilliancy. The Tribune congratulates Editor McCreary most heartily upon the outcome of his splendid energies. The Evening Stars and Morning Stars and all the Suns of the great universe of paperdom should look well to their scintillations of wit and blazes of rhetoric if he keeps on this way.

"And Alachua county, how proud it should be to be so well illuminated by this resplendent orb. One sees deep into the most hidden recesses of its fertile secrets; and a wondrous tale of industrial growth and steady onward flight toward the zenith of prosperity is told to those who read the pages of this newepaper. Good luck to it and to old Alachua now and forevermore. Amen."

WAGE EARNERS AND FARMERS

There is a new political movement underway that may in the near future have a great effect on party politics. At the late convention of the American Federation of Labor nine fraternal delegates from the Farmers' Union, or the American Society of Equity, were admitted and given the privileges of the floor. In addresses made by them they expressed the hope that the Society of Equity might become affiliated with the Labor organizations. If it is possible to join these two organizations for the common purpose of defeating those who oppose the demands of the farmers and workingmen, the result will be to entirely disrupt the Republican party, which is naturally opposed to what the workingmen and farmers are uniting to attain. The Republican leaders have shown great hostility to the legislation that the American Federation of Labor feels is necessary for the well-being of its members, and the reforms the Society of Equity desires are receiving no encouragement from the Republican leaders, for to grant them would directly interfere with the special privileges of the corportions and trusts that are the chief reliances of the Republican party for campaign funds, which alone keep that party in power.

There are many Republican voters who doubtless believe the reform legislation demanded by workingmen and farmers should be granted, and there are Republicans elected to Congress and State legislatures who promised to vote for such reforms, but investigation shows these are but a small minority of those the Republicans elected as law makers. The great majority are willing followers of Speaker Cannon inhis stand-pat policies on labor legislation and revising the tariff.

On the other hand, Democratic representatives have shown every desire and have promised to vote for the legislation demanded by the workingmen and farmers, for the Democratic party has no alliance with the corporations and trusts and no desire other than the greatest good to the greatest number, with "equal rights to all and special privileges to none." With a compact and militant organization the wage earners and farmers, with their natural allies, the Democracy, will be politically irresistible.

If the bankers would reform their way of doing business there would not be so much need of reforming the currency.

GIFTS IN ABYSSINIA.

Officials Will Take Them if They Are Presented In the Right Way.

The agent of the British government who visited Abyssinia some years ago wished to return the favor of a native official by some suitable present. The bestowal of this was, however, a matter quite beyond the knowledge of one brought up in the court circles of western civilization. His experience was instructive.

"The arrangement was badly handled," he says, "and when I arrived several persons besides the high official were present. After a few light topics had been discussed I mentioned my object in making the visit, and as no offer was made to dismiss the bystanders I exhibited my donation.

"In an instant I was aware that I had made a false step. A frown of mingled surprise and indignation clouded the hitherto serene brow, and tones of fathomless integrity declined the proffered gift, while strong inward feeling found vent in a rocking motion of his body.

"'You have utterly misunderstood me,' said he. 'The friendliness which I have shown you has been extended solely with pure motives of kindness to the stranger in the land. Devotion to my sovereign and country is amply repaid by the internal consciousness of rectitude. Your intentions are doubtless good, but greater happiness will await me from the knowledge that you will now recognize how disinterested my conduct has been.'

"My offering was firmly waved away, and for some period his frame continued shaken by inward emotion, to the great edification of the bystanders, whose eyes remained fixed on the ground.

"It was undoubtedly very discomfiting, and my apologies for so great a mistake were profuse. I declared that I could not quit this abode until restored calmness had given me the assurance that his feelings had recovered their usual serene tone. As fortunately this soon happened, I left, properly enraged at the miserable management which had occasioned the awkwardness.

"Naturally I consulted a native authority who had witnessed the transaction and the mistake which I had committed, but he was so tickled by the circumstances that I extracted from him for some time little but laughter. His eventual view of matters was confided in a few words:

"'Try again, but take more and have no witnesses.'

"On the next occasion I found the governor alone, and when I opened the subject on which my visit was founded his eyes twinkled, and he said:

"'From the first moment when I saw you I had a presentiment that we were ordained to be great friends. I do not know if Europeans have these superstitions, but with us they are general, and we do not find them deceptive. You may have heard—and I am aware it is generally stated of us by foreigners—that we are deceitful and avaricious. Do not believe this. All countries contain bad men, and your experience has perhaps been unfortunate. But we shall remain always friends. And what are presents, after all, but external emblems of esteem?'

"There were no difficulties on this occasion. He was obviously much pleased and finally said that the blessing of Providence would be sure to attend the exertions of a man who was thoughtful of the saddened circumstances of others, and he was 'poor, very poor.'"—Youth's Companion.

"Division" In Parliament.

When a division is called a bell rings to enable all M. P.'s to collect from the smoking room, the library, etc. Then the outer door is closed, and the speaker puts the question. There is a shout of "Aye!" and of "No!" on which he declares that either the one or the other "has it." If this be challenged he says, "The 'ayes' to the right, the 'noes' to the left." This means that the "ayes" and the "noes" go into respective lobbies.

This takes some time, for they go leisurely. When at length they are both within their respective pens all the doors leading to them are closed, and after a minute or two the one door through which the prisoners in each lobby are to make their exit is opened. Before reaching the exit they have to pass on either side of a desk at which two clerks sit and check off on a printed list of members those who vote. After this they pass in single file through the exit door, which is a few yards from this desk. Just outside this exit door stand two tellers, one representing the "ayes" and one the "noes." Their business is to call aloud one, two, three, four, and so on, as the members pass. Consequently for each division four tellers are necessary, two for the "aye" lobby and two for the "no" lobby.—London Truth.

ECZEMA AFFLICTS WHOLE FAMILY

Father and Five Children Suffered for Two Years With Terrible Eczema—Home Remedies and Medicines Gave No Relief—Mother Expresses Joy at

WONDERFUL CURE BY CUTICURA REMEDIES

"My husband and five children were all afflicted with eczema. They had it two years. We used all the home remedies we could hear of, without any relief, and then went to a physician and got medicine two different times, and it got worse. It affected us all over except head and hands. We saw Cuticura Remedies advertised and concluded to try them. So I sent for $1.00 worth, consisting of one cake of Cuticura Soap, one box of Ointment, and one vial of Pills, and we commenced to use them. I do not know how to express my joy in finding a cure, for two of my children were so bad that they have the brown scars on their bodies where they were sore. If it will be of any benefit to you, you can publish my letter with pleasure. Yours truly, Mrs. Maggie B. Hill, Stevens, Mason Co., W. Va., June 12, 1905."

THE GAME OF CHESS.

Finest Mental Drillmaster the World Has Ever Known.

When the Romans placed over the door of the temple of Janus "Ex Oriente Lux et Ludus Scacchorum" (Out of the East Came Light and the Game of Chess) they spoke of the two greatest bequests that the storied east had ever made to the young and aggressive west—the light of religion and the greatest mental achievement of man since he came through Eden's frowning portals.

In the middle ages, when the monks and abbots watched from afar the brutal soldiery of Christendom swooping down like a pestilence on the sunny plains of the south, they chanted "A furore Normanorum libera nos, O Domine" (From the fury of the Northmen deliver us, O God) and returned to chess—all that was left a noble soul in a vain and turbulent world.

Chess is the finest mental drillmaster the world has ever known. As a mind trainer it ranks above Greek and dialectics.

But, above all, it is the science of battle; it is war without bloodshed; it is strife on equal terms, which all the race loves and to which from the cradle to the grave all mortality is subject.—Charleston News and Courier.

CARTERSVILLE GETS MEETING.

North Georgia Conference Adjourns After Busy Session.

Milledgeville, Ga., Nov. 29.—The ninth and last day's session of the North Georgia conference began bright and early for the brethren were anxious to get their appointments. Bishop Ward was anxious to get to Valdosta, the seat of the South Georgia conference. There was a disposition to hurry to the end and the conference was impatient of any one who seemed to have a long speech to make.

Resolutions of thanks and commendation of Bishop Ward were passed with great enthusiasm and the bishop responded in a felicitious and feeling manner. In his remarks the bishop said, if his health failed, he would come to North Georgia and establish an itinerant jewelry store, and with this be presented to Dr. W. F. Glenn, ex-presiding elder of Griffin district, a handsome gold watch, in the name of the people of the district. Dr. Glenn made a happy response.

All the retiring elders were remembered by the people. The people of Milledgeville, the railroads and the press were thanked for courtesies.

Rev. I. H. Miller, of the Eglestion Memorial church, united with the North Georgia conference. He was a prominent member of the Methodist Episcopal church, north.

Cartersville, Ga., was selected as place for holding the next conference.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." A HUMBLE HEROINE.

Mother Mary Teresa and the Cross of the Legion of Honor.

Some years ago in a city in France all the soldiers were drawn up on the plaza. A woman in the habit of charity was called out in front of the governor general, and this is what he said:

"Mother Mary Teresa, when you were twenty years of age you received a wound from a cannon ball while assisting one of the wounded on the field at Balaklava. In 1859 the shell from a mitrailleuse laid you prostrate in the front ranks on the battlefield of Magenta. Since then you have been in Syria, in China and in Mexico, and if you were not wounded it was not because you have not exposed yourself.

"In 1870 you were taken up in Reischoffen covered with many saber wounds. Such deeds of heroism you crowned a few weeks ago with one of the most heroic actions which history records. A grenade fell upon the ambulance which was under your charge. You took up the grenade in your arms; you smiled upon the wounded who looked at you with feelings of dismay; you carried it a distance of eighty meters. On laying it down you noticed that it was going to burst. You threw yourself on the ground; it burst. You were seen covered with blood, but when persons came to your assistance you rose up smiling, as is your wont. You were scarcely recovered from your wound when you returned to the hospital whence I have now summoned you."

Then the general made her kneel down and, drawing his sword, touched her lightly with it three times on the shoulder and pinned the cross of the Legion of Honor on her habit, saying:

"I put upon you the cross of the brave in the name of the French people and army. No one has gained it by more deeds of heroism nor by a life so completely spent in self abnegation for the benefit of your brothers and the service of your country. Soldiers, present arms!"

The troops saluted, the drums and bugles rang out, the air was filled with loud acclamations, and all was jubilation and excitement as Mother Teresa arose, her face suffused with blushes, and asked:

"General, are you done?"

"Yes," said he.

"Then I will go back to the hospital."—From "The Companionship of Books," by Frederic Rowland Marvin.

POINTED PARAGRAPHS.

There is no such thing as a secret.

A reasonable probability is the only certainty.

Men who have violated the law say it is not hard to do.

Romance is like fire—if you play with it you are liable to be burned.

There is too little attention given to two mighty important words, "Don't tell."

It is a bad plan to seek to make a good impression by following every statement with an apology.

The trouble is when we do things for our friends we do things we want to instead of what they would be pleased to have us do.

We can't understand why people try to deceive others, but cannot understand why they should try to deceive themselves, as so many seem to do.—Atchison Globe.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c

Weighing Common Air.

The weight of air has often been tested by compressing it in receptacles by the air pump. That it really has weight when so compressed is shown by the fact that the weight of the vessels is increased slightly by filling them with compressed air and that such vessels become specifically "lighter" as soon as the air contained in them is exhausted. Many elaborate experiments on the weight of air have proved that one cubic foot weighs 536 grains, or something less than one and a quarter ounces. The above experiment on the weight of air is supposed to be made at the surface of the earth with the temperature at 50 degrees F. Heated air, or air at high elevations, is much lighter.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Buzzal of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all Druggists'.

Heat on Tobacco Improves it Like Roasting Improves Green Coffee. Heat Develops the Stimulating Aroma and Taste found in Schnapps Tobacco and Coffee

Three ways are used by farmers for curing and preparing their tobacco for the market; namely sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured.

In flue curing the tobacco is taken from the fields and racked in barns especially built to retain heat and there subjected to a continuous high temperature, produced by the direct heat of flame heated flues, which brings out in the tobacco that stimulating taste and aroma that expert roasting develops in green coffee. These similar processes give to both tobacco and coffee the cheering and stimulating quality that popularizes their use.

The quality of tobacco depends much on the curing process and the kind of soil that produces it, as expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than tobacco grown in any other section of the United States and has a wholesome, stimulating, juicy, full tobacco taste that satisfies tobacco hunger. That's why chewers prefer Schnapps, because Schnapps cheers more than any other chewing tobacco, and that's why chewers of Schnapps pass the good thing along—one chewer makes other chewers, until the fact is established that there are more chewers and more pounds of tobacco chewed to the population in states where Schnapps tobacco is sold than there are in those states where Schnapps has not yet been offered to the trade.

A 10c. plug of Schnapps is more economical than a much larger 10c. plug of cheap tobacco. Sold at 50c. per pound in 5c. cuts. Strictly 10 and 15 cent plugs.

THIS DRUGGIST'S EXPERIENCE

Should Interest Gainesville People.

Mr. Jos. F. Bradley, a prominent druggist of New Brunswick, N. J., writes: "I have sold Vinol, the cod liver preparation without oil, for the past three years, and it has given perfect satisfaction.

"I now use Vinol in my family and can highly recommend it. It is always a pleasure to recommend a medicine that I have found to be first-class."

The reason Vinol is so fast superseding and so far superior to old-fashioned cod liver oil and emulsions is because it contains all of the medicinal, body-building elements of cod liver oil actually taken from the fresh cods' livers, with all of the useless and nauseating oil eliminated and tonic iron added.

Vinol makes pure, rich, red blood. It is delicious to take and the weakest stomach can retain it.

As a body-builder, and strength creator for old people, weak women, delicate children, after sickness, and for all pulmonary diseases Vinol is recommended by over 5,000 of the leading druggists of the United States. Your money back if it does not do all we claim for it.—W. M. Johnson, Druggist.

NOTE—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

SHOOTING NEAR DUTTON.

Charlie Thompson Shot Another Negro, With Serious Results.

Information reached this city Thursday of a tragedy at Dutton & Co's. wood camp on Sunday night, which cost one life, the victim dying a few hours after the tragedy.

The particulars are very meagre, but it seems that Charlie Thompson, a negro, became involved in a dispute over a trivial matter with another negro, the name of whom could not be learned, when the guns were brought into action. The load from Thompson's gun entered the back of the other man, passing through his body, with the result that he died.

After the shooting Thompson made his escape, and is still at liberty.
